Seventy-Six Thousand Acres at Milford to Be Reclaimed Under Carey Act.

Irrigation Works Will Cost \$1,-000,000 and Will Be Completed Within Year.

Seventy-six thousand acres of land will presently be reclaimed in the famous Beaver district. This land will be put on the market by the Beaver Irrigation Land and Power company. It is situated south and southeast of Milford, in Min-

Some of the land was acquired by the promoters of the enterprise as long as fifteen years ago. Arrangements were made for its reclamation two or three years ago, but there was delay due to one cause or another, until the present time, when the success of the undertaking is assured.

Senator Lewis says the project will be completed within a year, and that the grand opening will take place next spring. The company has 65,000 acre feet of water. Many contracts and applications for land have already been made, and there are 3000 acres in a state of high cultivation already. This land will be included in the new enterprise. The land is extremely rich. It is ideal for applies, peaches, cherries and other fruits. Wheat acreage produces from fifty to sixty bushels to the acre. There are three and often four crops of alfalfa. One hundred dollars an acre from alfalfa is not uncommon, says Senator Lewis. Dry farming is also conducted with marked success.

An evidence of the wisdom of buying Utah land is afforded in the instance of a deal that has been made at Milford. Nine years ago Mr. Lewis acquired 200 acres of land near Milford—at Milford, to be more exact. Recently he sold it to B. F. Walling & Co. for \$550 an acre. The Walling company has platted the tract and expects to dispose of it without difficulty in town lots.

Mr. Lewis says that the mining interests in that district are prosperous. He mentions the Moscow, Tallsman, Cedar, Majestic, the famous Horn Silver, King David, Orphan Boy and Cave as being in a great state of activity. Mr. Lewis believes his district will be one of the greatest in the land ere another two years have passed.

When the curtain goes up at the Salt Lake theater on Thursday evening, the opening performance of Maude Adams,

Land and Power company. It is situated south and southeast of Milford, in Minersville canyon, one of the most beautiful valleys in the west.

The directors of the company were chosen at a meeting held in Boise last week. Senator A. B. Lewis reached Salt Lake on his return trip Tuesday. These are the directors: T. C. Foley, T. E. Fitzgerald, Edward Krehbeil, J. P. Sprunt, A. B. Lewis. Officers were elected: A. B. Lewis, president; T. C. Foley, vice president, Edward Krehbeil, treasurer, A. R. Lewis, secretary.

The plans of the company, which are now in their fruition, involve the storage of the waters of Beaver river. The project calls for the expenditure of \$1,000,000 or more. The land to be sold lies between Minersville and Adamsville. Seventy dollars an acre will insure perpetual water rights. This sum is paid in ten yearly installments. The owner will place the ownership in the hands of the farmers. The state charges only 50 cents an acre. The project is under the Carey act.

The management at the theater aithered to the rule laid down that only four tickets would be sold to one person and that none would be laid away, thus putting all on an equality.

Miss Adams will arrive on Thursday and she will be taken to the home of her mother, Mrs. Annie Adams Kiskadden, 903 South Ninth East street.

"I'm afraid," said Mrs. Kiskadden last evening, "that none of us will be able to see much of Maude during her stay here, nuch as we would like to. She is to give five performances during her three days' stay here, you know, and it will keep her very busy and prove extremely firing. I know that she would like to meet all of the hosts of people here who are anxious to see her personally, but I'm afraid it will be impossible."

Miss Adams's last appearance in this city was in June. 1907, when she played "Peter Pan" at the Salt Lake theater.

Superintendent in This Respect Says Pupils Cannot Hope to Make Rapid Progress.

GOOD PURPOSE IS SERVED IN GREAT MANY INSTANCES

Institution Has Proved Helpful in Cases Wherein Assistance Is Desirable.

The summer school question for pupils elow the high school is considered to some extent by City Superintendent of Schools D. H. Christensen in his annual report. The superintendent is of the opinion that under certain conditions the summer school is a good thing, but he emphasizes the fact that pupils cannot expect to do as much in a few weeks in summer school as they can during an entire semester in the public schools. That, he says, is absolutery impossible and the expectation of such rapid prog-ress on the part of the pupil or the parent only leads to disappointment. In relation to the matter the report of the superintendent has the following:

Endeavor Is Creditable. Endeavor Is Creditable.

'For several years the Y. M. C. A. has maintained an efficiently organized summer school for children, of elementary grade, who for special reasons were anxious either to qualify themselves for a class in advance of the one to which they belonged at the close of school in June or who desired to equip themselves better for the work in certain subjects wherein they were somewhat below the class rank.

wherein they were somewhat below the class rank.

"For the second group the school has served a commendable purpose and to those in the first group much help has been rendered where the endeavor has not been to cover the work of an entire semester during the vacation period. In the latter case the effect must be depressing rather than uplifting. The facture that the overlooked that time for assimilation is required and it is not sufficient for the pupil merely to pass over the prescribed work without regard to the time element.

Some May Do Well.

Some May Do Well.

"Experience shows that the work prescribed for a semester requires the allotted time from the average child of the mental and physical development expected in any given grade for satisfactory assimilation. For various reasons a small number of children fall a little below the standard fixed for promotion and they are consequently retained. Such children may, health permitting, enter a vacation school of ten or twelve weeks duration and very creditably meet requirements for promotion. For them, and for the ones needing help in one or two subjects in the class to which they belong, the vacation school renders substantial aid.

"I believe, however, that few, if any, pupils below the grammar department should be encouraged to attend school during the summer vacation." Some May Do Well.

Commander-in-Chief of G. A. R. Issues Order for Observing Three Great Days

"Forly-two years of reverent compliance with the order issued by Comrade John A. Logan in 1868, while commander-in-chief of the Grand Army of the Republic, has made the annual observance of Memorial day the expression of a nation's tribute of respect to its deathless dead. This observance will continue not only as long as the Grand Army of the Republic survives, but as long as our people appreciate the value of the services of the men who fought so valiantly and sacrificed so much to save the nation. "Let us therefore prepare for the proper observance of Monday, May 30, 1910, as Memorial day. Department and post commanders will issue the necessary or ders. The work should be so well and thoroughly done that no comrade's grave would be missed, but wreaths and garlands should be placed upon every mound that marks the last resting place of our departed and heroic dead. These men died that the nation might live. We honor ourselves when we pay tribute to their memory.

"Comrades while remembering our dead, let us not forget the living. I urge you, if possible, to the exercise of the greatest charity toward those who are suffering from disease or wounds, and toward all those who by reason of the infirmities of age are not able to support themselves and those dependent upon them. Others may, but we should never forget their sacrifices and brave deeds.

"It is recommended that wherever the

"It is recommended that wherever the grave of an ex-confederate soldier is found that flowers be placed thereon, as a tribute to the bravery of the man, who fought on the other side, remembering that he too, was an American soldier. We were once enemies but now friends. The long dark night is over—at last we are a united people. Out of the darkness comes no echo of discord between brothers, no noise, no strife, no blood-shed, but universal fellowship lights the lamp to guide the feet of our young republic.

lamp to guide the feet of our young republic.

"Attendance upon divine service on the Sunday preceding Memorial day is now a part of the regular exercises. Every post, secompanied by allied organizations, should attend such service in a body.

"Patriotic sessions in the public schools should be held and comrades detailed to assist the teachers in this most important and patriotic work on the Friday preceding Memorial day.

"The address of President Lincoln at Gettysburg should be read at all Memorial day exercises.

"The Woman's Relief corps, the Ladies of the G.A. R., the Sons and Daughters of Veterans, and all other allied organizations, should be invited to participate with posts on Memorial day.

"Discountenance all games of sport, and all kinds of profanation of the day, and let us all unitedly strive to make this Memorial day universally observed and one long to be remembered.

Samuel R. Van Sant, commander-inchief of the Grand Army of the Republic, in general orders No. 4, calls attention to Memorial day, May 30, Mothers' day, May 8, and Flag day, June 14. The order reads:

Memorial Day.

"Forty-two years of reverent compliance with the order issued by Comrade John A. Logan in 1868, while commander-in-chief of the Grand Army of the Republic, has made the annual observance of Memorial the Army of the Republic officially recognizes the 14th day of June as Flag day.

grand Army of the Republic officially recognizes the 14th day of June as 'Flag day.'

"All comrades, therefore, are requested on that day to display their flags from their homes and places of business and urge their friends and neighbors to do likewise. In doing this, you will teach in the most impressive manner the lessons of patriotism so essential to the nation's life.

"O folds of white and scarlet! O blue field with your silver stars! May fond eyes welcome you, willing feet follow you, warm hearts cherish you, and dying lips give you their blessing! Ours by inheritance, ours by allegiance, ours by inheritance, ours by allegiance, ours by affection, long may you float on the free winds of heaven, the emblem of liberty, the hope of the world!"

Mothers' Day.

"The attention of the Grand Army of the Republic was directed to 'Mothers' day last year by Comrade Henry M. Nevius, then commander-in-chief, and his order is quoted in full as expressing most beautifully the sentiment of that day.

Nevius, then commander-in-chief, and his order is quoted in full as expressing most beautifully the sentiment of that day.

"Through the instrumentality of Miss Anna Jarvis of Philadelphia, Pa., last year, the second Sunday in May was observed or set apart as Mothers' day and services were held in many churches, and between five and six millions of porsons throughout the United States celebrated the festival. On the second Sunday in May this year the day will be observed universally throughout the land and will be a universal fete day for fillal worship. The white carnation has been selected to be worn in memory of Mother. Comrades, there is no class of men living whose mothers were as patriotic, loyal and heroic as your mothers from 1861 to 1865. No mothers ever madesuch sacrifices as your mothers did, and the commander-in-chief requests you on the second Sunday in May to wear in the lapel of your coat a white carnation or other white flower to honor the memory of your own mother. If deceased, and in reverence for her if living.

"Who knows better than the members of our order the suffering and sacrifices made by the mothers of 61 to 65, and who of us can forget their devotion to the country and the cause for which we fought. It is safe to declare that without the support of the brave and patriotic women of the union, we never could have succeeded. So, ret us again designate the second Sunday in May as Mothers' day,' and, comrades, let us continue the beautiful custom inaugurated by my predecessor, by wearing in the lapel of our coats on that day a white carnation or other white flower in honor of our devoted mothers.

"Geon O, EDDY, Addutant-General."

CUTICURA A SUCCESS IN BOTH THESE CASES

"I had eczema on my hands for ten years. At first it would break out only in winter. Then it finally came to stay. I had three good doctors to do all they could but none of them did any good. I then used one box of Cuticura Ointment and three bottles of Cuticura Resolvent and was completely cured. My hands were raw all over, inside and out, and the eczema was spreading all over my body and limbs. Before I had used one bottle of Cuticura Resolvent, together with the Cuticura Ointment, my sores were nearly healed over, and by the time I had used the third bottle. I was entirely well. I had a good appetite and was fleshier than I ever was. To any one who has any skin or blood disease I would honestly advise them to fool with nothing else, but to get Cuticura and get well. My hands, cured by the use of Cuticura, have never given me the least bit of trouble up to now. I cannot recommend Cuticura highly enough, it has done me and my family so much good. My daughter's hands this summer became perfectly raw with eczema. She used two bottles of Cuticura. She used two bottles of Cuticura. She used two bottles of Cuticura. She used two bottles of Cuticura Resolvent and one box of Cuticura Ointment and in two weeks they were entirely cured. I have used Cuticura for other members of my family and it always proved successful. I recommend it to any one with eczema. After once using it you will never use anything else. Mrs. M. E. Falin, Speers Ferry, Va., Oct. 19, 1909."
